

Wildfire Defensible Space Program for Senior Low-income Homeowners

Upper Deschutes River Communities (UDRC) has partnered with Council on Aging (COA) to provide free wildfire fuels reduction services for senior low income homeowners in the Upper Deschutes River and La Pine Community Wildfire Protection Plan areas.

If you want to participate in this program and meet the age and income requirements, please fill out the Defensible Space Application Form and mail it to COA. UDRC will accept as many qualified applicants as resources allow. A representative from UDRC will assess your property and propose a fuels reduction project to improve your defensible space for a wildfire.
